STERLING, ILL., Aug. 22, 1885. We feel we must write something of the success of Hop Bitters. Their sale is thribble that of any other article of medicine. Hence we feel it but justice to you and your Bitters to say that it is a medicine of real merit and virtue, and doing much good and effecting great cures.

Yours, J. F. & H. B. UTLEY.

HAYESVILLE, OHIO, Feb. 11, 1884. I am very glad to say I have tried Hop Bitters, and never took anything that did me as much good. I only took two bottles and I would not take \$100 for the good they did me. I recommend them to my patients, and get the best of results from their use.

Hor Bitters Mrd. Co.:

I know Hop Bitters will bear recommendation honestly. All who use them confer upon them the highest encomiums and give them credit for making cures—all the proprietors claim for them. I have kept them since they were first offered to the public. They took high rank from the first, and maintained it, and are more called for than all others combined. So long as they keep up their high reputation for purity and usefulness I shall continue to recommend them—something I have never done before with any patent medicine.

I purchased five bottles of your Hop Bitters of Bishop & Co., last fall, for my daughter, and am well pleased with the Bitters. They did her more good than all the medicine she has taken for six years. WM. T. McOLURE.

The above is from a very reliable farmer, whose daughter was in poor health for seven or eight years, and could obtain no relief until she used Hop Bitters. She is now in as good health as any person in this country. We have large sales, and they are making remarkable cures.

What True Merit Will do.

The unprecedented sale of Boschee's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of coughs, colds and the severest lung troubles. It sales on an entirely different principle from the usual perscriptions given by physicians, as it does not dry up a cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, health peris affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cents, large bottles. What True Merit Will do.
